

KUNERT makes children happy

“The secret to happiness lies not in having, but in giving.
People that make other people happy are happy.”

André Gide

Immenstadt, 3rd December 2018. With this motto in mind, KUNERT FASHION GMBH wants to round off 2018 with a fundraising campaign, as we do every year. There is nothing more beautiful than making other people happy.

Each year, millions of unread Christmas cards are thrown away, as such, this year, KUNERT FASHION GMBH has decided to invest the amount that we would usually spend on Christmas cards into something really useful and help children in the process. It is with a clear conscience that Hudson and KUNERT will donate €4,000 to BUNTER KREIS Allgäu e.V this year.

How does BUNTER KREIS Allgäu support children and their families?

If a child comes into the world too early, has a serious accident or is chronically ill, the lives of the entire family change abruptly. Suddenly they have to master a completely new living situation in combination with lots of stress, worry or sadness. Without qualified help this is almost impossible to deal with!

The team at BUNTER KREIS Allgäu take care of the problems affecting the family. Their aim is to establish an extensive and solid network for the family after they leave the hospital so that they can find the support and confidence to manage their new situation.

KUNERT FASHION GMBH is incredibly grateful for any donations from partners and we would like to thank them for the successful partnership during the past year.
